Tristan – Sorry, really sorry about that. Let's start over from the beginning.

(Tristan rises from the table and walks to the window.)

Marcus – Fine by me. Tell us what happened, Tristan. Start from the beginning.

Tristan – Okay, so I was at home last night. My parents were out of town. I had invited a few friends over. We were just hanging out, playing games, nothing crazy.

Kristen – Who else was there? Be specific.

Tristan – Jake, Mia, and Ryan. We were in the living room. We ordered pizza at about eleven. We ate it while we played cards.

Marcus – What time did you first notice something was wrong?

Tristan – Around midnight. Mia went to the bathroom and she came back very quiet. She said she felt dizzy. We thought she was just tired.

Kristen – Did anyone else leave the room between midnight and the time you called 911?

Tristan – No. We all stayed together. We were worried about her.

Marcus – Tell us exactly what you did when you realized she was in trouble.

Tristan – I shook her shoulder and she didn't wake up. Her breathing was very slow. I called 911 immediately. The dispatcher asked me questions and I answered them.

Kristen – Did you administer any medication to Mia before the paramedics arrived?

Tristan – No. We had no medication in the house. We waited for the paramedics.

Marcus – Did you consume any alcohol that night?

Tristan – No. We had soda and water. We did not drink alcohol.

Marcus – Did anyone else consume alcohol that night?

Tristan – I don't know for sure. I was in the kitchen most of the time. I was not watching everyone.

Kristen – Mr. Vance, you have stated that you were in the kitchen most of the time. Did you see any of your friends drinking from bottles or cans?

Tristan – I saw some cans in the trash later. I did not see anyone drinking.

Marcus – Ms. Vance, you have stated that you were in the living room most of the time. Did you see any of your friends drinking from bottles or cans?

Kristen – I saw some cans in the trash later. I did not see anyone drinking.
