

B.Sc. Microbiology (Semester-II)

Paper CC3: Biochemistry

Total marks: 20 (10+10)

Prepare assignment on any two topics

S NO.	Topic
1.	Energy rich compounds
2.	Structural polysaccharides
3.	Concept of reducing and non-reducing sugars
4.	Stereo isomerism of monosaccharides
5.	Major classes of storage and structural lipids
6.	Essential fatty acids
7.	Sphingolipids
8.	Non-protein Amino acids
9.	Oligopeptides
10.	Secondary structure of proteins

Instructions: Assignments are to be prepared in hard copy and submitted in the department after reopening of college
