

# NATIONAL WEBINAR ON

“NANO TECHNOLOGY FOR ENERGY HARVESTING AND IN BIOMEDICAL APPLICATION”

ORGANISED BY UNIVERSITY DEPARTMENT OF CHEMISTRY  
DR. SHYAMA PRASAD MUKHERJEE UNIVERSITY, RANCHI

## Introduction to National Webinar.

The coronavirus covid-19 pandemic is the defining health crisis of our time and the greatest challenge we have faced. It also created a deep impact on mode of learning and forced us to share knowledge through web.

In this mechanical era in view of concising every thing the potential of nanotechnology is well appreciated. Its application in managing infections in immuno compraising patients and also multiple fields.

The development in the society can not be imagined without energy . There is a need of ours to generate energy efficiently and more sustainbly. Hence we will be sharing our views on this topic. "Nanotechnology for energy harvesting & in biomedical application".
